

K-LOVE is a part of my family's every day life as we listen to the program every day at work and at home. It is also played in 3 of my doctor's offices. We have supported K-LOVE for years and our lives would be impacted greatly if the station were to be displaced by an LPFM broadcaster that did not provide the same Christian broadcast as K-LOVE. In fact, our family listens only to K-LOVE and to no other station. Edmond and OKC is a strong, Christian based community and K-LOVE is a part of our every day lives. The ministry to individuals and families that I know of personally to have occurred would take days to discuss. Many lives have been changed as a result of a word or song received just at the right time. Our community loves and supports K-LOVE and strongly desires that it remain on the airwaves. Thank you.
